To All South Hagerstown High Graduates -

After meeting with Principal Akers and several faculty members, we are working with the Career Advisor and other Guidance Counselors to support students now enrolled at South High in improving their academic skills, exploring careers, thinking about college or just sharing life experiences.

We may do this in several ways: by attending school functions such as Career Day or College Day; by meeting with students in their classrooms at the request of their teachers; and by working with students one-on-one for tutoring, counseling or just plain talking as older, more experienced friends. The school is now developing a special program to assist students in improving reading skills. We may become involved in that program as well.

If you have interest in such a program, the Student Development Committee of the Alumni Association will undertake the development of a database to share with the South High Principal and faculty and will develop an orientation program for those interested in the purpose.

If you are interested in participating in such a program or willing to spend time helping setup a program, please e-mail Betty Beckley (Class of '58) at terphill@frontier.com with your information.

Reason for Interest in this Program

How much time could you devote to this kind of program?   (Couple times each year; once a month; once a week; etc.)

If you have specific ideas about how you or others could contribute, please comment.

Any other comments.

Note: Meeting with students one-on-one might require special screening since nearly all students will be minors.
